# Please complete and return by 18 August 2017

Dear Sir or Madam,

Please find the questionnaire for the Management and Expectations Survey attached. Please complete for the period 1 January 2016 to 31 December 2016. The questionnaire focuses on two different themes. These relate to businesses':

- management practices such as the use of performance indicators, targets, employment decisions
- current performance and future expectations about turnover, investment, employment and spending on resources

The Office for National Statistics (ONS) is responsible for producing key economic statistics that are used to respond to, and manage the economy. Your response is of great value. This survey is voluntary, however the information provided will be used to better understand whether management practices and uncertainty relate to productivity. The information could benefit your business as the published statistics can be used as a benchmark to compare your business against the same, or across different sectors. To find out more, search '*Management Practices*' at <u>www.ons.gov.uk</u>

Once complete, the questionnaire can be returned by post or fax using the details in the box below.

We request that you complete this questionnaire for the business named above, including for any parts of the business located at other addresses within Great Britain. All the information you provide is kept strictly confidential. It is illegal for us to reveal your data or identify your business to unauthorised persons.

Thank you for your co-operation, Office for National Statistics

#### Introduction to the Management and Expectations Survey

#### Purpose of this survey

The purpose of this survey is to collect information on two different themes. These relate to businesses':

- management practices such as the use of performance indicators, targets, employment decisions
- current performance, and **future expectations**, about turnover, investment, employment and spending on resources

The information will be used to better understand whether management practices and uncertainty relate to productivity. The information could benefit your business as the published statistics can be used as a benchmark to compare your business against the same, or across different, sectors. To find out more, search '*Management Practices*' at <u>www.ons.gov.uk</u>

#### Coverage

This survey only collects information for **Great Britain (GB)** (England, Scotland and Wales) and <u>not</u> Northern Ireland (NI). Therefore, please:

- Include information for the business named on the front of the questionnaire, including all of the business's sites that are based within GB (England, Scotland and Wales)
- Exclude any activity from sites based in NI, the Channel Islands and Isle of Man

#### **Information Required**

This questionnaire is divided into 8 Sections. Please complete all Sections. These ask for information about:

Section A - Business characteristics

Section B - Production delivery

 $\label{eq:section C} \textbf{Section C} \ \textbf{-} \ \textbf{Key performance indicators}$ 

Section D - Targets

Section E - Employment practices

Section F - Organisation

Section G - Current performance and future expectations (this Section will require financial information)

Section H - Feedback and contact details

#### How to complete the questionnaire:

- Sections A to F should be completed for the calendar year 2016
- Section G should be completed for the calendar year 2016, however you may use your own financial year dates if this is not possible. Please use the reporting period that spans the majority of 2016. You can provide specific information on the reporting period in Section G
- The themes covered in this questionnaire means that you may need to collect information from others in the business in order to complete all Sections

#### Definitions

For the purpose of this survey please use the following definitions:

- **Manager**: someone who manages people and has employees directly reporting to them. Include supervisors if they are responsible for managing staff and assessing their performance
- Non-manager: all other employees
- Site: for example, a workshop, factory, warehouse, office, mine, depot or construction site where one or more persons carry out economic activity for a minimum of 20 hours per week and the planned activity for your business is more than one year. Please only include information for sites in Great Britain

The example	e below will help you to complete questions 22, 24, and 26
	s filling out this survey for Business A. In 2016, Business A had approximately £4,500,000 in turnover, with a 4,750,000 in 2017.
	ndar years 2016 and 2017, what are the <u>approximate</u> values of turnover, including exports and other within this business? If applicable exclude freight charges, excise taxes and value added tax.

## The example below will help you to complete questions 23, 25, 27 and 29

#### Example B:

Jane also knows that turnover at Business A is forecast to grow approximately an additional 5% in 2018, with predicted annual value of turnover of £5 million. However, Jane knows there is some uncertainty with that forecast and that the value of turnover next year could be more or less than £5 million depending on consumer demand, changes in prices, and other uncertainties in the market. Given this uncertainty, Jane estimates that turnover will be between £2.8 million and £7.5 million, and thinks the likelihood of each scenario is as shown in the table below.

# Looking ahead to the 2018 calendar year, what is the <u>approximate</u> value of <u>turnover</u> you would anticipate for this business in the following scenarios, <u>and</u> what <u>likelihood</u> do you assign to each scenario?
